

MASONIC-RANGE SCIENCE SCHOLARSHIP

The Society for Range Management (SRM) Masonic-Range Science Scholarship offers financial assistance and recognition to a **high school senior, and/or college freshman or college sophomore** planning to major in/presently majoring in range science and/or a closely related field. *The "closely related field" is not specifically defined - evaluation will be based upon how the applicant answers section D.*

This scholarship (maximum of 8 semesters) requires the student to maintain a 2.5 GPA (4.0 Scale) during the first two semesters (freshman year only) and a 3.0 GPA in any subsequent semester (GPA is per semester, not cumulative) to continue to receive the scholarship for the remaining years of eligibility. *The student will provide a copy of their college transcript annually to the SRM Office to verify their continued eligibility. Failure to do so could result in termination of the scholarship.* The scholarship starts with the fall semester after the annual meeting. The **amount of the scholarship** varies each year, depending upon the fund's investment income.

Applicants must be sponsored by a member of the Society for Range Management (SRM), the National Association of Conservation Districts (NACD), or the Soil and Water Conservation Society (SWCS). The MasCom will select the recipient(s) and announce it at the SRM Annual Meeting. Information on the scholarship winner will be posted on the SRM website after the annual meeting. All unsuccessful applicants will receive a notification letter from the Committee.
