

Save the Date: June 23, 2017

Blue Valley Ranch – Kremmling, CO (Middle Park)

Ranching with Wildlife Interactions in Western Colorado's Middle Park

This training will take place on the Blue Valley Ranch located 10 miles south of Kremmling. The session will inform & educate participants about managing mountain park sagebrush-grasslands through good land stewardship practices and sound grazing management, while considering livestock-wildlife interactions and working toward common goals of all partners.

Colorado Section
Society for Range Management

The *Colorado Section of the Society for Range Management*, together with the *Middle Park Conservation District*, and *Colorado State University Extension*, are pleased to announce an exciting training opportunity tying forage, livestock, and wildlife aspects of ranching operations together.

This ranch has a unique story to share of how they operate their businesses; thinking outside of the box by applying grazing strategies (cattle & bison), common sense solutions and diversifying their operation. Check out [Blue Valley Ranch](#) commitment to healthy ecosystems and land stewardship.

Colorado State University
Extension

The Middle Park area of northwest Colorado offers a unique venue of diverse landscapes and ecological sites that facilitate an exceptional learning experience.

Registration will be **\$15 per person and will include all informational materials, light breakfast, and lunch**. Pre-registration details and lodging/camping information will be forthcoming.

Come join the fun! Save the date! Learn from this very successful ranch. The CSSRM BOD will meet on Thursday afternoon, June 22nd at the NRCS office in Kremmling. All Section members & Ag producers are urged to attend.
