We will meet at Loves Parking Lot on North end of Cedar on the 7th at 10:30 AM to head out over Cedar Mountain through the 2017 Brian Head Fire burned area with multiple stops along the way. We will look at a variety of vegetative rehab efforts, continuing stabilization efforts with the Division of Wildlife Resources and US Forest Service, future plans/concerns, and facilitating/accommodating permitted grazing uses.

By late afternoon we will work our way to Ruby's Inn. That evening we will eat ourselves into utter discomfort with a Dutch Oven Dinner cooked for us by the SUU Range Club. **Please RSVP for a count.**

June 8th the tour will continue departing Ruby's Inn around 8:AM to go onto the east side of the Dutton Mountain for just two short stops where we will look at current successes and challenges of rehab efforts of the 78,000 acre Sanford Fire, 16 years prior in 2002, and where the range is now.

We will plan to finish up by 2:30 PM.

You will need to provide your own lunch both days

4x4 vehicles are required for the tour
