Society for Range Management

Council Meeting
Conference Call
1/21/09

Those on the conference call were Charlie Fifield, Brad Weatherd, Matt Roberts, Misty Hays, and Bob Sprentall. No quorum was established so no votes could take place.

In the future Charlie will send a note out to all the Committee Chairs about the scheduled Council meeting.

The minutes were read from the 11/20/08 Council meeting.

The Treasure Report was read for the 4th quarter of 2008 and 2008 year end.

There were concerns about WYRED and the need to start establishing fund raising to continue this program. Also, only the HSYF student is sponsored for travel and registration at the National meeting.

Annual Section meeting: Charlie is putting together a program planning guide to help with future meetings. He asked the meeting planning group on 3 to 5 items that went well and did not go well with the past meeting. The most prominent item had to do with marketing the meeting. This would help with attendance, Crazy Auction and also the horse auction.

Charlie sent out a note to remind committee chairs about budget request. Charlie will send to Bob for summarization and to review/approve when at the Albuquerque meeting. There may be a cost to establish the WEB site with the parent society.

Bob will call Donna D. on setting up a calendar on when articles are to be submitted for the newsletter along with a budget submission.

Charlie is going to contact the current committee chairs to make sure they still want to participate.

Charlie wanted to make sure we had a contingent present when Phil G. receives his award. Also, there should be budget request from the Council to sponsor activities.

Meeting Adjourned

Bob Sprentall
Secretary/Treasure
