

LEGISLATORS TO CONTACT

On June 11, the federal lands sale provision was passed by the Senate Energy & Natural Resources Committee. On June 14, it was thrown out on procedural grounds. The ENR majority has drafted a new provision that has not yet been released.

The following states have federal land eligible for sale under the Senate Energy & Natural Resources Committee text:

- Alaska
- Arizona
- California
- Colorado
- Idaho
- Nevada
- New Mexico
- Oregon
- Utah
- Washington
- Wyoming

SRM urges members to get in touch with their legislators before the bill is voted on in the Senate in the coming days. Please contact these Republican Senate offices and educate them on what the “One, Big, Beautiful Bill” - Budget Reconciliation package - will do to ranchers, researchers, and real people out west. Call the Capitol Switchboard at (202) 224-3121 to be connected with their offices.
