

Join YPC and Student Conclave at the second annual

Bridging the Gap

Mentorship Event

The objective of this mentorship event is to build more connections between the student/young professional membership of SRM and established professionals. Mentees and mentors will participate in a semi-structured activity to facilitate discussion and networking.

We have modified our program based on participant feedback, and have new resources available to strengthen networking opportunities between mentees and mentors. Join us for drinks, appetizers and discussion at the 2019 annual meeting!

Tuesday

**FEB 12
2019**

4:00-6:00PM

WHO?

Everyone!

We encourage undergraduates, grad students, young professionals and established professionals to join us.

WHAT?

This is a **FREE** mentorship event courtesy of YPC and our sponsors.

All you need to participate is an interest in becoming more invested in the SRM community.

HOW?

Thanks to our generous sponsors!

Science Serving Agriculture
