

Stockmanship for Pasture Management Workshop

An introduction to the art and science of stockmanship to achieve management objectives

July 19-21, 2019
Palmdale, California

July 19:

Indoor introduction to stockmanship/herding and outdoor demonstrations

- Principles and techniques of low-stress stockmanship and herding
- Handling livestock basics: approaching, starting, moving, and placing cattle
- Weaning pairs in a field, gathering and corral work, and Bud Box design and use
- How stockmanship can improve range management and quality of life
- What does the science tell us about stockmanship's effectiveness?
- Outdoor demonstration

July 20:

Outdoor demonstrations and instruction (horseback)

- Putting classroom principles from previous day into practice
- Approaching, starting, moving, and placing cattle
- Open range and corral work

July 21:

More outdoor practice and one-on-one instruction

Featured Instructors/Speakers:

Dave Voth, Rangeland and livestock consultant

Chris Schachtschneider, Oregon State University Extension Service, Animal and Rangeland Sciences

Mike Williams, Diamond W Cattle Company

Matthew Shapero, University of California Cooperative Extension, Livestock & Range advisor

Derek Bailey, New Mexico State University, Professor of Rangeland Science

Ken Tate, University of California, Davis, Professor and Rangeland Watershed Specialist

Workshop registration: Friday only - \$15 (early bird discount, before June 15), \$20 (after June 15)

Friday, Saturday, and Sunday - \$150 (before June 15), \$200 (after June 15).

Space is limited.

Room and board:

Registration covers materials and lunch on Friday and breakfast/lunch on Saturday.

For those planning to stay for the full course, camping (without hookups) will be available free of charge; corral space for horses is also available on a first come first serve basis; horses for rent are available upon request; local hotels within twenty minutes drive from the ranch are also available, starting as low as -\$75. Inquire for a list of local accommodations.
