

## TECHNICAL PROGRAM

**\*\*See separate Contributed Oral Session Schedule document for Speakers and Speaker Times**

**\*\*Symposia, Workshop, Ignite and Campfire agendas and speakers to be posted soon**

### Monday, January 29<sup>th</sup>

Category	Title	Organizer	Time	Day
symposium	Nevada Department of Wildlife Restoration	Moira Kolada	10:20--12	Monday
symposium	Private Land Conservation Programs: Collaborative conservation meets natural resource objectives across scales, from your back 40 to the surrounding landscape.	Russell Burton, Kyle Schumacher	10:20--12	Monday
symposium	Co-Laboring in the West: Stewardship Economies and Rangeland Conservation	Breanna Owens, Jared Talley, Kris Hulvey, Zach Altman	10:20--12	Monday
symposium	Free-Roaming Equine Science Round-up	Eric Thacker	10:20--12	Monday
workshop	0454 Progress, Proposals, Passages	Susan Edinger, Marshall, Marc Horney	10:20--12	Monday
workshop	Stock-Smart: Dynamic Stocking Rate Decision Support for the 21st Century	Tip Hudson, Aaron Whittemore (WSU), Sonia Hall (WSU)	10:20--12	Monday
COS: Mapping			10:20--12	Monday
COS: Rangeland Monitoring			10:20--12	Monday
COS: Global Producer			10:20--12	Monday
COS: Historical			10:20--12	Monday
COS: Tree encroachment			10:20--12	Monday

COS: Program communications 1			10:20--12	Monday
symposium	USDA-ARS Research	Charlie Clements	1-3:00	Monday
workshop	Exploring petic Inquiry and Multispecies ethnography: two creative methods in rangeland social sciences	Hailey Wilmer, Will Munger	1-3:00	Monday
symposium	Co-Laboring in the West: Stewardship Economies and Rangeland Conservation	Breanna Owens, Jared Talley Kris Hulvey, Zach Altman	1--3:00	Monday
symposium	Free-Roaming Equine Science Round-up	Eric Thacker	1--3:00	Monday
workshop	Changing the Range by Accessing Free Range Data	Nicole Kaplan, Holly Johnson, John Hendrickson	1-3:00	Monday
workshop	What's the 411 on Reviewing Scientific Papers	Rory O'Connor, Katie Wollstein, Lauren Svejcar	1-3:00	Monday
COS: Modeling			1-3:00	Monday
COS: Education			1-3:00	Monday
COS: Climate			1-3:00	Monday
COS: Livestock technology			1-3:00	Monday
COS: invasives			1-3:00	Monday
COS: Riparian			1-3:00	Monday
symposium	Metrics, Management, and Monitoring: Linking grazing management, soil health, and producer wellbeing	Ada Smith, Jeff Goodwin	3:20--5	Monday
symposium	Young Producer's Symposium: For the Next Five Years	Blake Duncan	3:20--5	Monday
symposium	Come to the Show! IYRP North America Film Festival Winners	Courtney Buchanan, Anne Gondor	3:20--5	Monday
symposium	Climate Adaptation Strategies for Conservation of Ranching and Rangelands of the Great Plains and Southwest	Andres Cibils, Mr. Skye Aney, Dr. Jean Steiner	3:20--5	Monday
symposium	Making Cents of the Science	Kason Haby Julie Elliot	3:20--5	Monday

workshop	Virtual Fence Working Group	Sarah Noelle, Logan Vandermark	3:20--5	Monday
symposium	Contemporary Economic Issues on Western Rangeland	Dr. Michael H. Taylor	3:20--5	Monday
COS: Data Use			3:20--5	Monday
COS: Birds			3:20--5	Monday
ignite	Nurturing Knowledge from the Range: What we can learn from Rancher-Driven Research	Clayton B. Marlow, Kayla Gnerer	3:20--5	Monday
ignite	Restoration Effectiveness Monitoring: Opportunities for Standardization	Emily Kachergis	3:20--5	Monday

## Tuesday, January 30<sup>th</sup>

symposium	A Review of the Human Dimensions of Rangeland Management	Urs Kreuter, Dianne Stroman	10:20--12	Tuesday
symposium	Women Making a Change in Range	Lesley R. Morris, Dr. Beth Newingham	10:20--12	Tuesday
symposium	"Change on the Range" 6th Bud Williams Memorial Stockmanship Symposium Combining New Paradigms with Old Methods	Dave Voth, Chris Schachtschneider, Kent Reeves	10:20--12	Tuesday
workshop	Seeding more broadly: exploring information-sharing to increase the use of diverse native plant species in restoration	Tara Bishop, Akasha Faist, Kristina Young	10:20--12	Tuesday
symposium	Change on the Federal Range	Dr. Susan Charnley, Gilbert Jackson	10:20--12	Tuesday
symposium	"Range Ecology at Disequilibrium" at 30: What have we learned and where are we going?	Brandon Bestelmeyer and Nathan Sayre	10:20--12	Tuesday
workshop	Educating the Next Generation	Theresa Becchetti, Patti Novak-Echenique	10:20--12	Tuesday
COS: Restoration 1			10:20--12	Tuesday
COS: Program communications 2			10:20--12	Tuesday
COS: Imaging 1			10:20--12	Tuesday
COS: Feral Horses			10:20--12	Tuesday

symposium	A Review of the Human Dimensions of Rangeland Management	Urs Kreuter, Dianne Stroman	1-3:00	Tuesday
symposium	Women Making a Change in Range	Lesley R. Morris, Dr. Beth Newingham	1--3:00	Tuesday
symposium	"Change on the Range" 6th Bud Williams Memorial Stockmanship Symposium Combining New Paradigms with Old Methods	Dave Voth, Chris Schachtschneider, Kent Reeves	1--3:00	Tuesday
symposium	Seeding the Future: Harnessing Native Seeds for Sustainable Rangeland Restoration	Alison Agneray, Jess Kindred, Sophie Heston, Amy Wruck, Sara Kulpa	1--3:00	Tuesday
workshop	Stakeholder Engagement for the International Year of Rangelands and Pastoralists (IYRP) 2026: Action Planning for SRM Sections and Partners	D. Layne Coppock, Lauren Svejcar,	1--3:00	Tuesday
symposium	Agrivoltaics on the Range: An Interdisciplinary Team Investigates how Solar Energy Production and Ranching Go Hand-in-Hand	Anna Clare Monlezun	1--3:00	Tuesday
Symposium	Understanding a Using Process-Based Management	Roy Roath and Barry Perryman	1--3:00	Tuesday
COS: sage grouse 1			1--3:00	Tuesday
COS: grazing			1--3:00	Tuesday
COS: Herbicide			1--3:00	Tuesday
COS: carbon			1--3:00	Tuesday
COS: Imaging 2			1--3:00	Tuesday
symposium	The National Climate Assessment and Western Rangelands: What Can We Expect?	Corrine Noel Knapp, Emily Donaldson	3:20--5	Tuesday
workshop	Agents of change: stories of the past, present, and future from women on the range [Diversity & Inclusion Forum]	Devyn Orr Julie Larson Devii Rao	3:20--5	Tuesday
symposium	Carbon Storage Science and Emerging Markets	Brekke Peterson, Seth Urbanowitz	3:20--5	Tuesday
symposium	The Outcomes of Outcome Based Grazing, and the path forward	Kathryn Dyer	3:20--5	Tuesday

symposium	Pinyon-juniper on the range: changing ecology and management	Adam Noel Bob Shriver John Bradford	3:20--5	Tuesday
workshop	Stakeholder Engagement for the International Year of Rangelands and Pastoralists (IYRP) 2026: Action Planning for SRM Sections and Partners	D. Layne Coppock, Lauren Svejcar,	3:20--5	Tuesday
workshop	VGS User Group	Ashley Hall Charles Perry	3:20--5	Tuesday
symposium	Logistics & Financials- Addressing Challenges in Rangeland Reclamation & Restoration	Sean Di Stefano, Lauren Svejcar, Clay Wood	3:20--5	Tuesday
campfire	Mavericks in the Making: Creating space for all backgrounds in range	Courtney Duchardt	1--3:00	Wednesday
COS: fire management			3:20--5	Tuesday
COS: virtual fence			3:20--5	Tuesday
COS: Pollinators and Soil Biome			3:20--5	Tuesday

### Wednesday, January 31<sup>st</sup>

symposium	Sagebrush Biome Conservation Design Phase 2: Implementing Hope While Managing Change	Kevin Doherty	10--12	Wednesday
symposium	Monitoring Soil Carbon on the Range: Where is the Science?	Chris H. Wilson, Paige Stanley	10--12	Wednesday
symposium	Implementing Climate Adaptations on Southwestern Rangelands: Involving Diverse Stake Holders in Decision-Making	Joel Brown, Mr. Skye Aney	10--12	Wednesday
symposium	Sustaining Indigenous Natural Resources; Range throughout Indian Country	Nick Padilla	10--12	Wednesday

symposium	Improving Efficiency of Livestock Behavior Analytical Approaches: Incorporating Machine Learning into Analysis of Sensor-based Behavior Data	EJ Raynor Jamie Brennan	10--12	Wednesday
ignite	Landscape Data Commons: Enabling a data access to data insight pipeline to support rangeland management and research	Austin Rutherford, Kristina Young	9--10	Wednesday
workshop	Putting the R in Rangelands: Applies tools for data analysis in R	Georgia Harrison, Claire Tortorelli	10--12	Wednesday
ignite	Making Short-term Ecological Forecasting Work for Rangelands	Gregor-Fausto, Siegmund Leland, Bennion, Daniel Schlaepfer, John Bradford, David Pilliod	10--12	Wednesday
ignite	Past, present, and future of the Sagebrush Steppe Treatment Evaluation Project (SageSTEP)	Beth Newingham, Lisa Ellsworth, Dustin Smith	10--12	Wednesday
COS: Restoration 2			10--12	Wednesday
COS: wildlife			10--12	Wednesday
COS: fuels and grazing			10--12	Wednesday
COS: sagebrush			10--12	Wednesday
symposium	Sagebrush Biome Conservation Design Phase 2: Implementing Hope While Managing Change	Kevin Doherty	1-3:00	Wednesday
symposium	Carbon on the Range: Addressing Key Uncertainties in Carbon Pools, Fluxes, and Drivers of Change.	Matt Germino, Toby Maxwell	1--3:00	Wednesday
symposium	Novel Equipment and Restoration Methods in the Western United States	Kevin Gunnell, Corey Gucker/Matthew Madsen	1--3:00	Wednesday
symposium	Elevating and Uniting Voices in Rangelands: The International Year of Rangelands and Pastoralists (IYRP) 2026	Dr. Lauren Svejcar, Ann Waters- Bayer	1--3:00	Wednesday

workshop	Putting the R in Rangelands: Applies tools for data analysis in R	Georgia Harrison, Claire Tortorelli	1--3:00	Wednesday
symposium	Subalpine Forb Community Classification and Ecological Sites of with emphasis on the Tall Forb type	R. Aaron Zobell, A. Cameron	1--3:00	Wednesday
workshop	Renewable Energy on Rangelands – Pros and Cons. <i>with Good Grazing Makes Cent\$</i>	Mary Jo Foley- Birrenkott, Jack Alexander, Erika Fitzpatrick, Dave Voth	1--3:00	Wednesday
COS: sage grouse 2			1--3:00	Wednesday
COS: Fire management			1--3:00	Wednesday
ignite	What's Blowing in the Wind: New Frontiers for Rangeland Wind Erosion Research	Nicholas Webb, Brandon Edwards, Beth Newingham, Brian Morra	1--3:00	Wednesday
ignite	Climate adaptation in big sagebrush ecosystems	John Bradford, Maddy Case, Lief Wiechman	1--3:00	Wednesday
